WORK EXPERIENCE

8/2019 TO 5/2020

IT Tech & Web Developer at [Dorsey Tire Co](#)

Handled IT requests via call and email. Worked with department managers to design and create web apps that would assist with day-to-day operations.

- Wrote step-by-step guides for new device setup as well as troubleshooting guides for common IT problems.
- Created and managed several Excel spreadsheets that automated financial receipts and recurring monthly bills
- Created an inventory and notification utility to track expensive equipment and notify responsible parties of calibration due dates. Built custom table and wizard-style form with React.js for displaying and collecting data.

5/2014 TO 7/2019

Lightboard Operator at [The Savannah Theatre Company](#)

Spent several years in the Entertainment and Hospitality industry

- Programmed, troubleshoot, and fixed complex stage lights.
- Assisted patrons with any emergent issues.

1/2012 TO 1/2018

Graphic Designer at Freelance

Created promotional materials for local non-profits and businesses.

- Taught myself tools such as Adobe Illustrator and Adobe Photoshop.

EDUCATION

2/2019 TO 8/2019

Georgia Institute of Technology

- Bootcamp: *Fullstack Web Development*
